The undersigned hereby request that all Brumby running in the Alpine National Park, Vic, be ceased immediately, pending an urgent investigation into the safety of running Brumbies, the ability of Parks Vic to ensure a safe workplace for the Alpine Brumby Management Association (ABMA), the lack of humane treatment that many Brumbies have suffered during and after their capture and other options for the humane removal of Brumbies from the Alpine National Park.

We believe that passive trapping, using salt or other bait to lure Brumbies into traps is the only method that should be used for capturing Brumbies and encourage Parks Victoria to undertake a trial of PZP, a treatment which affects the fertility of Brumbies without altering their natural behaviour

NAME	SIGNATURE	POSTCODE

Please return to the above address for submission to Parks Victoria before the end of February.
