The points gained represent each archer's best 3 ladies/gents FITA rounds, best 2 FITA 70m rounds and best 12-arrow match scores at 2 separate Olympic rounds, all from shoots with World Record Status.

Note that in previous years the Olympic round score was either from an 18 arrow match or from a 12-arrow match in which case the score was increased by a factor of 1.5. All individual Olympic round matches are now shot over 12 arrows, so this score has been taken without adjustment. As a result, points totals this year are likely to be about 2% lower than previous years.
