# **The Siege of Edlesborough**

In September 2007 Longbow Archers from across the land gathered at the Edlesborough range for the shoot of St Sebastian. With only one archer managing to hit St Sebastian Norman spies in attendance reported back to their superiors of the lack of skill of the gathered archers. Some weeks later the Normans siezed the village and have remained inside ever since.

We now call all Longbow archers to attend the Edlesborough site on **SUNDAY 6th APRIL 2008** to assist the villagers in recapturing their village. The skill of the archer will be paramount as the gathered masses attack the Norman invaders being careful not to kill or wound villagers that are still in the village.

All archers should assemble at 11.00am where shooting plans will be shared.

Shooting will commence at 11.30am

Each archer will deposit £8.00 (£6.00 Junior ranks) in the village fund and the villagers have promised suitable reward for the champion archers

To register your attendance please contact the Captain of Archers (Peter Grand) on 01442 391992 or 07850 843005
