Dear Lula,

We would just like to take a minute to tell you how grateful we are to have found you. You are an incredible person and our ceremony would not have been half as beautiful without your help.

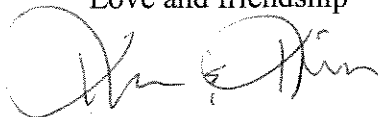

You are so amazing. You were so open and loving to us. You treated our love and marriage with the respect and dignity that it should have. When we decided to have our wedding we were unaware of the obstacles we were up against as a gay couple. We were completely oblivious to just how many vendors are still judgmental and bias in this day and age. But you were so different than any others we had met.

We want to say thank you for being the person you are and as a reverend being open enough to understand and appreciate love in all forms. It was you that helped us to understand that we are no different than any other couple in love and how truly special and important this day is in our lives, regardless of anyone who disagreed and could not be present.

We also want to mention how wonderful everything was. We really got lucky when we found you. The invitations were unbelievably beautiful and all the table favors were incredible. You helped us create a perfect ceremony within our price range, (which I thought would be impossible ☺)

Lula you were such a blessing to us and from the bottom of our hearts we would like to say Thank you and we would love to highly recommend you to anyone who asks.

Love and friendship
