# Masters School of Art Salem

AUGUST 2016 ISSUE

## **Fall Class Registration is Open Now!**

Salem's art classes begin in just **1 month!** Summer is flying by and now it is time to get registered for fall classes. We will begin on Wednesday, September 7th and the term will be 12 weeks long. Our classes do fill up quickly, so for best selection, get registered now! You can print off a registration form from our website at [www.msoasalem.com](http://www.msoasalem.com) or print it from this newsletter. You will also find our fall schedule in our newsletter too! We have several new classes this term that we are excited about! Such as Lettering, Art History, Cartooning and Fantasy Drawing! See more about these classes on the next pages.

### **Meet Our New Teacher!** **Rachel Clark**

Rachel Clark is a teacher and artist, and is delighted when she can combine the two. Her early years were spent acquiring skills from her mother and father, a teacher/portrait artist and a professional cartoonist. After going to college for graphic design, she worked for the Keizer Times news, the Salem school district, as a church communications director, and as a freelance artist. She has been active in the Graphic Artists' Guild, the Salem Art Association, and numerous online artist networks. Rachel has a strong desire to see the arts used to encourage people. She will be teaching Cartooning, Lettering and Zentangles!

### Need an MSOA Paint or Watercolor Kit?

If you are enrolling in Painting or Watercolor, we sell paint kits that come with all the paints and brushes you will need for the term. Our paint kit is \$50 and the watercolor kits are \$15 each (unless you are a returning student with palette and brushes, then the fee is \$4 for paint). These **must** be ordered by August 31st so that we can have your kit ready by the 1st day of class. You do not need to order the kits through the school; you may purchase the supplies on your own. Check the class description pages on the website for a list of all supplies needed. Be sure to check your local paper for coupons to Michaels, which offers a 40% coupon. Please email Guin your request to [guinatsalemsoa@gmail.com](mailto:guinatsalemsoa@gmail.com).

### New Classes for Fall Term!

Along with many of your favorites we are adding some new classes to our Fall schedule.

#### Art History

This class is a hands on expedition back in time starting with a spelunking adventure into prehistoric cave paintings. From there we will make a fast paced trek from China to Europe discovering emerging art forms such as watercolor transparency and luminosity, Mesopotamia Relief, and Mosaic. We will time travel to the Renaissance and create various works of art based on the techniques of the Masters using various art methods and media. In this class, students will develop a well rounded knowledge of art periods and contributing artists while creating an international art portfolio.

## Cartooning

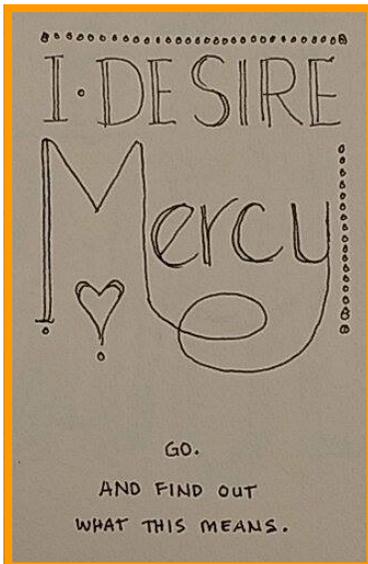

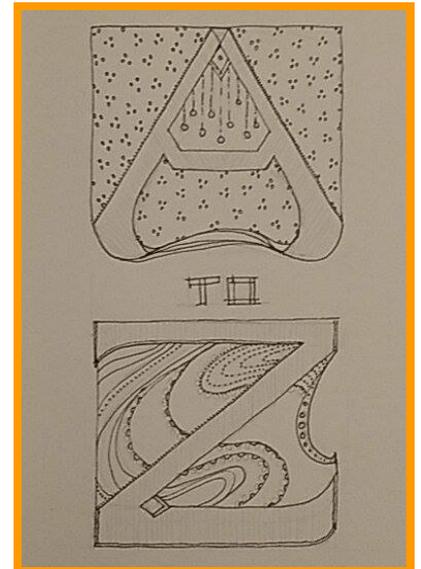

Cartooning 101 teaches the basic instruction on how to draw simple cartoons. During our fall term, the students will be taught to draw cartoon people; during our spring term, they will learn how to draw cartoon animals. The class starts with facial expressions and moves on to learn how to draw basic cartoon bodies. We will introduce a variety of styles, including Charlie Brown and Chibi style cartoons. Students will also learn how to draw a few props and basic settings. Our teacher is able to work with students of all abilities, beginner to advanced to grow in their cartooning skills.

## Lettering

Lettering will explore ways to creatively form letters, and many ways to decorate them. The class starts with learning a few basic styles of lettering. Then we progress to creating our own styles.

First semester students will learn the basics of making monograms, and colored, decorated initials. Students' final projects will be lettering their own initials, to show their own style, interests and taste.

Second semester students will learn the basics of spacing, blocking out and creatively lettering a favorite quotation or word. They will learn to make letters look like they go together, to choose a lettering style to suit their quotation, and how the power of style, size and emphasis, can make their quotation pop! Our teacher is able to work with students of all abilities, beginner to advanced to grow in their lettering skills.

**Remember to register for classes now to have the best selection!!**

## Fantasy Illustration 101

Fantasy Illustration is the setting for the collision of imagination and reality to create unique, original Conceptual Art. Small, inviting exercises will help inspire the creation of beautiful creatures, Super Heroes, and Sci-Fi Fantasy Figures and Spacecraft. Students will be encouraged to pursue their healthy, God-given imagination to create inspirational art. Dark themes will be avoided.

## Zentangles

**An easy-to-learn, relaxing and fun way to create beautiful images by drawing structured patterns with a pen.**

Join us for a beginning water-color class designed with fun and easy examples to learn basic watercolor technique and how to let water do the painting. Discover a new painting medium to express your creativity in full, rich colors.
