

**Seedfolks Writing Assignment**

Name: \_\_\_\_\_

For this assignment you will write about a character that is involved in the community garden. You will write the story in the first person, as if you are the person you are writing about.

You have two choices:

1. Make up a new character that joins the garden and tell his/her story. The character needs to be a different age and ethnicity than you. The story must have some connection to the garden in the book *Seedfolks*. If you make up a new character you should have some things in mind about their character. Write them down in the space provided.

Ethnicity: \_\_\_\_\_

Educational level: \_\_\_\_\_

Age: \_\_\_\_\_

Occupation: \_\_\_\_\_

Interests: \_\_\_\_\_

2. Choose an existing character in the book and continue his/her story. Make sure you continue with the same style of writing and speech patterns that the character had in the book.

**Evaluation:**

You will be evaluated on your use of sentence structure, jargon and vocabulary to develop the character. You will also be given extra credit for being creative. Take some risks! As always, grammar, paragraphing and syntax will count.
