Guidelines for Requests:

Parents who desire an alternate exception to bus assignments specifically for the purpose of child care or student employment shall complete a **Request for Alternate Transportation Form**. Consideration will be given only to requests for transportation for child care or employment within a student's attendance area for an academic year, subject to space availability. The following specific considerations shall be in effect:

1. Alternate bus arrangements shall be considered only for the purposes of child care for **elementary and middle school students only** and student employment (for High School students only) provided this change is for every day of the week.
2. Alternate bus assignments shall be granted only within the student's attendance area; students shall not be transported across attendance boundaries.
3. Each request is subject to space availability.
4. Once given, permission will be rescinded should space be needed to accommodate new students living along the bus route. In that event, the last request granted will be the first to be rescinded.
5. Students can be granted **split** alternate bus arrangements (**only AM or only PM**). All requests must be along existing routes. We will not reroute runs nor will we relocate existing stops to accommodate alternate bus requests. No new stops shall be added too close to existing stops, otherwise the request will be made at the next SAFE stop location.
6. No request for alternate bus assignment shall be granted which, in the opinion of school personnel, may in any way endanger the safety of the student.
7. No request for alternate bus assignment shall be granted which causes the district to incur additional expense.
8. All alternate bus requests must be resubmitted each year.
