My Report on Bees

Assalaamu Alaikum wa Rahmatullahi wa Barakhatahu,

Ya students and parents, the following report is on the Honey Bee inshaAllah. The children need to find out as many facts about the bee as they can, may Allah aide them in their search ameen. Again, some suggestions are finding out about the honey production. What is a beekeeper's hive? What other kind of bees are there? What is their social life like? Tell some facts about the Queen Bee, the worker bees, and the drones.

They can share whatever they find inshaAllah.

Allah says in the Qur'aan about the bee:

“And your Lord inspired the bee, saying: “Take you habitations in the mountains and in the trees and in what they erect. Then eat of all fruits, and follow the ways of your Lord made easy (for you).” There comes forth from their bellies, a drink of varying colour wherein is healing for men. Verily, in this is indeed a sign for people who think.” Surah An-Nahl: 68-69
