Assalaamu Alaikum wa Rahmatullahi wa Barakaatuh

3 Week Assessment and Analysis

Testing Subjects for Monday & Wednesday, September 1st & 3rd, 2014 are Science, Math, and Geography

All praise is due to Allah (alhayyul Qayyoom); we praise Him and seek His aid, ask for His assistance, repent to Him and ask for His forgiveness. We seek refuge in Allah the Most High from the evils of our own selves and from the consequences our wicked deeds. Whomsoever Allah guides none can misguide him, and whomever Allah leaves astray, there will be no guide for him. I testify that there is no true god worthy of being worshipped except Allah alone without any partner or associate, I further testify that Muhammad (salla allahu alaihi wa salaam) is His true slave and Messenger. May Allah Salah and Salaam be upon him and also granted to the prophet's pure family and to all of his noble companions Aameen

Amma Ba'd: (To Proceed)

Your test today consist of a cumulative assessment for the things that you have learned or been introduced to or that you have been reviewing over the past three weeks of homeschool. This assessment acts as a guide to help your instructor and parents see what you are learning and how you are progressing towards your individual goals inshaAllah.

Successful completion of quizzes, tests, exams or assessments will earn the student 10 points/rewards and a Successful Completion Certificate at the End of each Semester of courses.

This week's testing assessments are open online exams that will be posted by any instructor. The test may come directly from the text and are to be completed by the student online only per instructor's directions. All open online exams can only be submitted online during the classroom session with confirmation of receipt for submission purposes. There is a specific window of time for submission once the student has received the quiz, test, exam or assessment. Submission after the specified time frame will reduce the amount of points/rewards for the student by hours or days according to the submission and grading requirement. Online exams are given live within a classroom setting or by online testing system. Write in your notebook but submit your answers [to HWA Submit](#) from THM Sadaqa Group.

May Allah grant you success and increase us and then you in knowledge Aameen

Math Assessment: (students can use Microsoft OneNote, Evernote, or other software applications to complete work) Read instructions carefully. Read the math problem. Answer the question. Show all work required to get the correct answer inshaAllah. Open your notebook and write neatly. Submit your answers online.

Use the Four-Step-Plan to solve each problem. Use a calculator if necessary.

1. On a trip to Florida, the Gerard Family bought 4 adult plane tickets costing a total of \$920. What was the cost of each ticket?
2. Asha saved \$12 per week for 50 weeks. How much did she save in all?

Find the next three numbers in the pattern.

3. 222, 202, 182, _____, _____, _____
- 3b. 3, 12, 48, _____, _____, _____
4. At the class play, 135 adult tickets were sold for \$4 each and 236 student tickets were sold for \$2 each. How many more student tickets were sold than adult tickets?

Estimate

5. 27×9
6. $776 \div 42$
7. $905 + 273$
8. $721 - 53$

Find the Value of Each Expression

9. $24 - 5 + 2 \times 8$
10. $81 \div 9 + 2 \times 4$
11. $15 \div 5 - 3$
12. $6 \times 5 + 8 \times 7$

From the text: 6th grade/complete Chapter 1 Review and Chapter 1 Test; 7th grade/complete Study Guide and Assessment from pages 38 – 43.

Science Assessment: (students can use Microsoft OneNote, Evernote, or other software applications to complete work)

Read instructions carefully. Read the science questions. Make sure you understand what is being asked. Answer the question. Write in complete sentence structure when required to get the correct answer inshaAllah. Open your notebook and write neatly. Submit your answers online.

Earth Science –6th Grade Only

From the text: Complete Chapter 1 Summary and Review questions 1-25; then answer the questions for Writing about Science. Pgs. 22 - 23

Your Project: from Investigating Chapter Ideas # 3 “Freon Cycle”

Life Science – 7th Grade Only

From the text: Complete Lesson 1.4 Technology and the Dairy Industry pages 24 – 26.

Complete The Chapter 1 Review pages 27 – 29 (Questions 1 – 25; and number 2 from the Performance Assessment: Writing in Science.)

Geography Assessment: (students can use Microsoft OneNote, Evernote, or other software applications to complete work)

Geography and Its People

Complete the GeoJournal Activity page 19; write a paragraph and create artwork depicting the place you have selected. Call your artwork “Dream Destination.”

World Geography

Chapter 1 Assessment page 25; Writing about Geography (2 page letter describing your community); draw a diagram of the places you have described in your letter.

Once you have completed all of your test assessments and have submitted and confirmed that your answers have been received; you are permitted to leave for the day inshaAllah.

Question: How is my test graded?

Each student has the ability to earn 10 points/rewards per subject on the test. There are 6 subjects meaning you earn 60% on the test.

The remaining 40% is divided up as follows:

10% Homework submissions

20% Classwork

10% Notebook Checkpoint Completed
