Have you ever heard of Al-Zaherah Contracting?

Al-Zaherah Contracting is a Muslim owned and operated business in Jonesboro, Georgia but they cover the entire Metro Atlanta area.

about, but two Muslims and get this a sister too, if your still not comfortable. Now how can you beat that! Al-lahu Alim. If you need emergency service no problem! Water damage, roof leaks no problem! Many more services email and ask about what you need.

Hasbiyallaahu laa 'ilaha 'illa Huwa 'alayhi tawakkaltu wa Huwa Rabbul-Arshil 'Adheem.

Allah is sufficient for me. There is none worthy of worship but Him. I have placed my trust in Him, He is Lord of

the Majestic Throne.

From the Book of Prohibited Actions found in Riyad-us-Saliheen

Narrated Abu Hurairah (radhiallahuanhu): Allah's Messenger (salla Allahu alaihi wa salaam) said, "He who believes in Allah and the Last Day must either speak good or remain silent". Muslim

Narrated Abu Musa Al Ash'ari (radhiallahuanhu): I asked Allah's Messenger (salla Allahu alaihi wa salaam): "Who is the most excellent among the Muslims?" He said, "One from whose tongue and hands the other Muslims are secure." Al-Bukhari and Muslim

Narrated Abu Hurairah (radhiallahuanhu): I heard Allah's Messenger (salla Allahu alaihi wa salaam) saying, "A person utters a word thoughtlessly (that is, without thinking about its being good or not) and, as a result of this, he will fall down into the fire of Hell deeper than the distance between the east and the west." Al-Bukhari and Muslim

Information About Libraries by Khadijah Nurridin

As Salaam Alaikum,

Today my class (home school group) went to the library in downtown Philadelphia. We went to the main Library in Philadelphia (it's called Central Library because it's in the center of the city). It is very enormous and has an elevator that takes you to different sections of the library.

In Philadelphia we have 58 libraries. But central is special because it was the first free library in the Philadelphia. They have an extremely large Saudi Arabian History section. Which is nice. But what became my favorite interest is Microfiche. Microfiche is a sheet of microfilm containing information laid out in a grid pattern.

I looked up a magazine article taken back to 1934. It was about a missing child. I looked at some history books but didn't check any out. In Central Library you can get on the "Catalog" computer and check and see if they have the book you're interested in, in stock. And they give you the listing of any other library in the city that has it.

It was pretty fun today MashaAllah. My Ummi(Who is our teacher) said that we'll go there once a month. InshaAllah
