Editor/Webmaster: Joseph J. Wilson, Jr. SFC, USA (Retired)

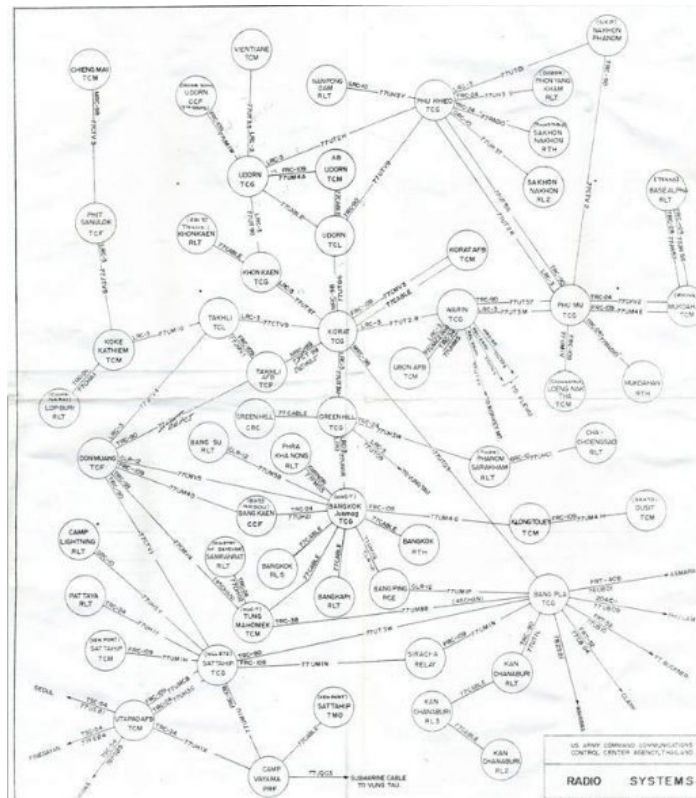

On behalf of our president Mark Olson and the USARSUPTHAI ASSOCIATION let me extend a hearty "WELCOME HOME" to everyone who served this great nation in a time of war and may not have been so well received upon returning home.

I'd like to share some of the major milestones of the USARSUPTHAI ASSOCIATION:

- The 2010 Reunion in Colorado Springs, CO & the 2012 Reunion in Rochester, MN were held as combined with the 519th Transportation Association, Thailand: <http://www.519transportationassociation.com> and the newly created USARSUPTHAI ASSOCIATION: <http://usarsupthai.webs.com>
- We've enhanced our website and grown our site members and Association Members pages tremendously over the past few weeks and have grown our online membership on the USARSUPTHAI @ Yahoo Groups: <http://groups.yahoo.com/group/USARSUPTHAI/>
- We've contracted with Military Best <http://www.militarybest.com> for bumper stickers, and recently upgraded them to include the association name and website.

- We've created our USARSUPTHAI FB Association: <https://www.facebook.com/groups/154849561231642/> where we've adopted the mission of establishing "Boots on the Ground" for a of our veterans who served in South East Asia and are suffering the effects of exposure to Agent Orange and other deadly herbicides.
- We've added to Sky Drive a host of USARSUPTHAI photo and document albums <https://skydrive.live.com/redir.aspx?cid=6e60952406111394&resid=6E.60952406111394!11&parid=6E.60952406111394!106&authkey=!AJiIrdiIQy46mBA>
- We've recently negotiated with the Radisson Hotel Colorado Springs <http://www.radisson.com/colorado-springs-hotel-co-80916/colospri> in Colorado Springs, CO for our first official USARSUPTHAI ASSOCIATION REUNION 2014 to be held 26 – 29 June 2014.
- We're still in the process of merging the 519th Transportation Association, Thailand and USARSUPTHAI ASSOCIATION websites for easier and simpler access to the date that has been collected over the past 17+ years.

There's still a lot of work to do as we are attempting to "map" each and every base, camp and site used by the US Military in Cambodia, Laos and Thailand during the 1950 – 1978 timeframe (using APO's and Grid Coordinates, plus incorporating Google Earth technology to paint a picture of where we actually were.

Commo Nodes in Thailand

Another project we're currently working on is the written unit histories of each army unit under the operational control or command of the United States Army Support Thailand, the 9th Logistical Command as well as other major commands in country.
