For October weekend 21st & 22nd – Allan Briskey & Michelle Bruce have confirmed that they can do a clinic on the Saturday 21st, and Don Northey has confirmed that he is able to Judge on the 22nd.

Barb and Heather will go over the program to ensure that it is AQHA compliant.

ie Our ranch riding rules will need to be brought in line with the AQHA rules.

Discussion regarding clinics:-

Emma Cheetham asked if the club has considered Lisa Cook – following up with her suggestion via email prior to the meeting on 7/5/17 - Lisa advised that she charges \$120 per rider for a day minimum of 6 riders (\$720) plus the club pays accommodation and travel as well –This could work out quite expensive as the club would need to pass on the travel and accommodation costs to the riders + arena hire -

Emma will contact Lisa to ask if she could give us a total overall figure to have her do a clinic then we can work out an average price we need to charge per rider.

Maddie Worthe suggested we contact Pauline Stuart-Fox and get details re her costs and availability – Maddie will follow this up.

Julie McCauley will also contact Lorelei Payne re her costing as a Judge we could have her judge a Saturday Show then follow with a clinic on the Sunday.

Julie McCauley will contact Lorelei and find out costs and availability.

Prizemoney - Pete Worth suggested that we should start to give more prize money out at shows providing the club remains in a good financial position the figure of \$1000 suggested.

It was put to the meeting for the club to allocate \$1000 prize money for the show to be held 25 & 26th November.

Neil Rheinberger moved that this be accepted, seconded Lonnie Henderson – All in favour

Canteen – Claire Knudsen sent a message to Heather Fryer on 2nd June advising that she could possibly run the canteen due to an injury she won't be riding until 2018 – Heather Fryer to give Claire a call and see if she is available to organise the canteen at the Oct Clinic/show.

Also maybe Karen Tucker (see above correspondence) may be an option if Claire can't do it
