Troll with really hair make

- 1 Buy a bit coloured humbugs bont or old a sprej in the colour which you want.
- 2 Knip here a piece of finished that necessary have you for the pattern.

- 3 Embroider the troll such as a normal pattern.

- 4 Leg the fur where the application sits (it her therefore)
- 5 Now you must pay attention complete well beginning the machine and leave him **embroider 2 cm and put him then stopper**
Obtain now all haren of bound gone at the needle and borduurvoet and repeat this to tied up sits
If haren gone then gets bogged down the machine does not obtain you in haren and can there damage arise.
- 6 If tied up zit sees it this way

7 Knip now along the line where bont permanently the redundant fur sits gone.

8 Suffocates twinge now embroiders the last phase of the pattern round for the hair.
If you do this hold back the machine well in the breaches that he does not get bogged down in haren!!!!!!

9 knip it its now once again at and a beetje in model.

10 And ready you also lord are needed much pleasure.
