

Embroider on cap

With the ordinary embroidering-machine it is also possible on cap embroider.

- 1 Attachment the plakvlies in the borduurring we have used the ring of 10 x 10.
- 2 Now the cap lies but with the flap to squares where the borduurarm sit.
- 3 Very the cap firmly on the plakvlies fixed and fixes him in the angles with four spelden.

- 4 In the machine and embroider now you now fix the window pattern simply on the cap.

- 5 Small tip still use already too thick cap and some cap to within side does not have the type gauze slap this gauze gone under the flap for you will embroider.
- 6 And ready is you cap for use much pleasure here .
