Complete special lilli fairy to make.

Benodigdheden for the lilli fairy

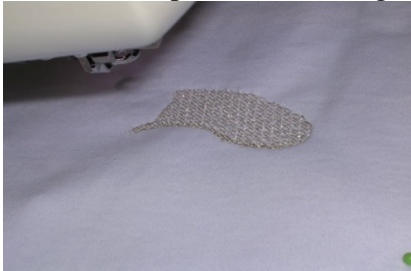

- 1 x bit roze tulle
- 1 x bit white tulle
- 1 x piece thick soluble membrane

- 1 Leg the piece thick soluble membrane in the ring and leg there loose on top of roze tulle and then embroiders the first pattern so that are bloementjes embroidered on tulle.

- 2 Cut clears around bloementjes on losbare the membrane loose and leg in a barge water so that the membrane goes between and you only the tulle concerning hold back.

- 3 It is for example nice the wings with metallic do garen

- 4 Embroider the second pattern simply just like all other patterns

- 5 To last 3 there you must pay attention just as the pattern see then this way

- 6 Between the broekje and poor the zit still an opening Leg there the tulle firstly white and on top of the roze which you have embroidered the blank is there 1 laagje and the roze is 3 laagjes

- 7 Plak the tulle around good permanently so that but the machine is not possible plak of no tape where he will embroider

- 8 He now fixes tulle with zig saw twinge

- 9 Cut now to the upper part redundant tulle gone

- 10 Lets now the machine close he suffocates whole now nicely and puts the last outline line. The plak now removes tape and knip the whole rokje on length which you yourself find nice.
