Automotive Products

Alondra AlumBrite

It is an acid in powder form that can be used to prepare acid solutions of several concentrations. This solution cleans, brightens, and removes corrosion and grime from aluminum parts for transportation equipment such as trucks, trailers, buses, boats. It minimizes the risk of chemical spills and accidents

Code / Package Size:

AIB-50— 50 lbs - 36 units / pallet

Dosage / Usage:

1/2 lb / gallon of water for strong jobs (truck wash)

1 oz / gallon of water for light jobs (cleaning parts by immersion)

Shipping: Corrosive Solid, Acidic, Organic, n.o.s. Contains: Sulfamic acid, 8, UN3261, PG III

Alondra Degreaser Concentrated

To clean industrial and commercial transportation equipment, degrease engines, and clean steel. It can be used to remove grease deposits from cement, tiles and general equipment.

Economic floor cleaner when diluted to 1oz per gallon.

Unscented. **Phosphate Free**

CORROSIVE. CAUSTIC. USE PROTECTIVE EQUIPMENT WHEN HANDLING

Code / Package Size:

LD1--05 5 gal - 36 units / pallet

Dosage / Usage:

1 oz per gallon of water for general cleaning, 4 oz per gallon for moderately greasy jobs, 1:1 or concentrated for heavy duty applications

Shipping: Corrosive Liquid, n.o.s. Contains: Sodium hydroxide, 8, UN1760, PG III

Alondra Foaming Car Wash

Designed to clean cars, trucks, trailers, and other machinery by spray (automatic or manual) or brushing systems. Safe on paint. Balanced pH

It contains a blend of mild ionic and non-ionic detergents that are soft on the skin. It produces stable foam to avoid re-deposition during the cleaning and rinsing processes.

Phosphate Free

Code / Package Size:

FCW1--05 5 gal - 36 units / pallet

Dosage / Usage:

1/2 oz per gallon of water / change solution as needed

Higher or lower concentrations depending on the job requirements

Alondra TireShine

It produces a slick, durable shine. Water resistant. It is easy to apply by spray or brushing.

This product does not contain alcohol or other flammable chemicals eliminating the need to special storage cabinets

This product is to dress tires by spray or brush application. The product is Thixotropic, so even when it is a thick gel, its viscosity decreases when stressed by pumping or shaking. This is why it can be applied by spray to the tires.

On leather, plastic dashboard or vinyl it can be applied with a damp rag.

This product can be diluted with water (1:1) for light applications on vinyl, leather and plastic

Even when it is water based (the advantage of being non-flammable) the emulsifying and wetting agents in the formula allow the silicone oils to attach strongly to the tires, so the product does not wash off easily.

Phosphate Free

Code / Package Size:

TS1--05 5 gal - 36 units / pallet

Dosage / Usage:

As is. Apply by spray or brush

Alondra Glass and Hard Surface Cleaner

It cleans most hard surfaces including bathroom fixtures, kitchen hoods, mirrors, countertops, etc.

It is streak free and has anti-fogging properties on glass. Dissolves grease and removes dirt by eliminating static charge of the particles. Fast drying.

Non-streak properties prevent light dispersion on windshields.

Phosphate Free

Code / Package Size:

APC2--05 5 gal - 36 units / pallet

Dosage / Usage:

Use as is for regular cleaning with spray bottle. For light jobs it can be diluted 1:10 with water

Laundry Products

Detergents

Alondra Laundry Detergent HE

This product contains a blend of ionic and non-ionic surfactants, emulsifiers, and wetting agents. Economic price/dosage ratio. Used in High Efficiency and Top Loading Machines. Fresh fragrance. **Phosphate Free**

Code / Package Size:

LL1-05 5 gal - 36 units / pallet

LL1-2.5 2.5 gal - 80 units/ pallet

Dosage / Usage:

2 oz/10lb load light soil

4 oz/10lb load heavy soil

Alondra Commercial Laundry Detergent HE

This product contains a blend of ionic and non-ionic surfactants, emulsifiers, wetting agents, builders and alkalinity. Economic price/dosage ratio. Used in High Efficiency and Top Loading Machines. Fresh fragrance.

This product is recommended for Commercial settings to remove difficult soils. We recommend using Soffia Sour Fabric Softener in the final rinse to neutralize excess alkalinity in addition to the tactile benefits of the fabric softener. **Phosphate Free**

Code / Package Size:

LL4-05 5 gal - 36 units / pallet

Dosage / Usage:

2 oz/10lb load light soil / 4 oz/10lb load heavy soil

Shipping: Corrosive Liquid, n.o.s. Contains: Sodium hydroxide, 8, UN1760, PG III

Alondra Powder Laundry Detergent HE

This product is designated for Commercial and Institutional Laundry machines, but can also be used throughout household.

The concentrated powder dissolves quickly because it does not contain unnecessary fillers. It contains a blend of ionic and non-ionic surfactants, emulsifiers, wetting agents, anti-redispersion agents, and oxygen stain remover. Economic price/dosage ratio. Used in High Efficiency and Top Loading Machines. Fresh fragrance. **Phosphate Free**

Code / Package Size:

LP1-50 50 lbs. - 36 units / pallet

LP1-17 17lbs.—80 units / pallet

LP1-2.5 2.5 lbs.— 18 / box— 864 / pallet

Dosage / Usage:

1 oz/10lb load

Detergents

Alondra Laundry Detergent

An economic yet very effective formulation for top-load machines. It contains a blend of ionic and non-ionic detergent and wetting agents. Fresh fragrance. **Phosphate Free**

Code / Package Size:

LL3-05 5 gal - 36 units / pallet

LL3-2.5 2.5 gal - 80 units/ pallet

Dosage / Usage:

2 oz/10lb load light soil

4 oz/10lb load heavy soil

Rhea Laundry Detergent

This product contains a blend of ionic and non-ionic surfactants, emulsifiers and wetting agents. Economic price/dosage ratio. Used in Top Loading Machines. Tropical fruits fragrance.

Phosphate Free

Code / Package Size:

LL2-05 5 gal - 36 units / pallet

LL2-2.5 2.5 gal - 80 units/ pallet

Dosage / Usage:

2 oz/10lb load light soil

4 oz/10lb load heavy soil

Free & Gentle Laundry Detergent

“Free & Gentle Laundry Detergent” is formulated to be used in regular and High Efficiency machines. It is made from biodegradable anionic and non-ionic surfactants. It does not contain fragrances or dyes. Compared to our other formulas it is hypo-allergenic and recommended to wash baby’s clothes. Combined with our OxyHelp in hot water, it can remove tough soils and stains and wash away bacteria and fungi.

Code / Package Size:

LL5-05 5 gal - 36 units / pallet

LL5-2.5 2.5 gal - 80 units/ pallet

Dosage / Usage:

2 oz/10lb load light soil

4 oz/10lb load heavy soil

Detergents

Alondra Laundry Detergent Pillows™

This product contains a blend of ionic and non-ionic surfactants, emulsifiers, and wetting agents. Ingredients and packaging film are biodegradable. Used in High Efficiency and Top Loading Machines. Safe for Septic systems. Fresh fragrance. **Phosphate Free, APE Free, DEA Free**

Code / Package Size:

DP1-154 -Box of 154 Pillows™ - 152 boxes per pallet

Dosage / Usage:

1 Pillow™ per Large Load

Alondra Laundry Detergent Pillows™ in bags

This product contains a blend of ionic and non-ionic surfactants, emulsifiers, and wetting agents. Ingredients and packaging film are biodegradable. Used in High Efficiency and Top Loading Machines. Safe for Septic systems. Fresh fragrance. **Phosphate Free, APE Free, DEA**

Code / Package Size:

DP1-6B20 -Box of 6 bags with 20 Pillows™ per bag— total of 120 Pillows™

152 boxes per pallet

Dosage / Usage:

1 Pillow™ per Large Load

Fabric Softeners

Soffia (Fabric Softener Blue)

Eliminates static from fabric without affecting the re-wetting capacity. Does not turn the fabric yellow. Low viscosity to prevent the product from sticking to the dispensing cup during the rinsing cycle. Baby powder fragrance. **Phosphate Free**

Code / Package Size:

FS2--05 5 gal - 36 units / pallet

FS2-2.5 2.5 gal - 80 units/ pallet

Dosage / Usage:

2 oz/ small loads

4 oz/ large loads

Soffia (Fabric Softener Pink)

Eliminates static from fabric without affecting the re-wetting capacity. Does not turn the fabric yellow. Medium viscosity to prevent the product from sticking to the dispensing cup during the rinsing cycle. Rose fragrance.

Phosphate Free

Code / Package Size:

FS1--05 5 gal - 36 units / pallet

FS1-2.5 2.5gal - 80 units / pallet

Dosage / Usage:

2 oz/ small loads

Soffia (Fabric Softener, SOUR Blue CONCENTRATE)

Eliminates static from fabric without affecting the re-wetting capacity. Does not turn the fabric yellow. Neutralizes excess alkalinity after the use of a built detergent. Low viscosity to prevent the product from sticking to the dispensing cup during the rinsing cycle. Baby powder fragrance. **Phosphate Free**

Code / Package Size:

FS3--05 5 gal - 36 units / pallet

Dosage / Usage:

1 oz/ small loads

2 oz/ large loads

Stain Remover

OxyHelp (Oxygen Stain Remover)

Removes stains from fabric and other household components (tiles, carpets, etc). It helps whiten cotton and polyester fabrics. It contains non-ionic detergents (low foaming), alkalinity and oxygen, which is activated in warm water.

OxyHelp can also be used as laundry pre-treatment for a wide range of stains. For this application the product must be dissolved 1 oz per liter of warm water and applied to the stain for 1 to 4 hours. Then wash as usual.

WARNING: This product MUST NOT be mixed with Chlorine (Bleach) or any Chlorine-containing product. **Phosphate Free**

Code / Package Size:

OH1-50 50 lbs. - 36 units / pallet

OH1-17 17lbs.—80 units / pallet

OH1-2.5 2.5 lbs.— 18 / box— 864 / pallet

Dosage / Usage:

1 oz/10lb load

Kitchen Products

Dishwashing and Rinse Aid

Alondra Hand Dishwashing Detergent

It cleans glassware and silverware effectively, by cutting and emulsifying greases and fats as well as other deposits of food origin.

It contains a blend of ionic and non-ionic detergents in combination with solvents and specialty emulsifiers. It produces stable foam to avoid re-deposition during the cleaning and rinsing processes. We recommend the use of rubber gloves during use to protect the skin from dryness or other reactions to chemicals. **Phosphate Free**

Code / Package Size:

HD1--05 5 gal - 36 units / pallet

HD1-2.5 2.5 gallons - 2 units per box - 40 boxes per pallet

Dosage / Usage:

1/2 oz per gallon of water / change solution as needed

Alondra Pot and Pan Detergent

This product is designed for manual washing of heavy soiled kitchen utensils. It will penetrate and emulsify baked-on food, greases and oils. It contains a blend of detergents mild to the skin.

This is a concentrated formulation with high soil load capacity that will retain foam and performance even under heavily soiled environments.

This product can be used for manual washing of fine fabrics.

Phosphate Free

Code / Package Size:

CPP1--05 5 gal - 36 units / pallet

CPP1-4G 4x1 gallon box - 36 boxes / pallet

Dosage / Usage:

1/8—1/4 oz per gallon of water / change solution as needed

Alondra Machine Dish Detergent

This built detergent cleans glassware and silver ware effectively by cutting and emulsifying greases and fats as well as other deposit of food origin. It contains a blend of non-ionic detergents, water hardness softeners, alkalinity builders, emulsifiers and corrosion inhibitor to clean while protecting your equipment.

Caution: Corrosive Liquid, Use protective equipment for skin and eyes

Code / Package Size:

MDD1--05 5 gal - 36 units / pallet

Dosage / Usage:

Machines with automatic feeding devices- apply per manufacturer instructions

Shipping: Corrosive Liquid, n.o.s. Contains: Sodium hydroxide, 8, UN1760, PG III

Alondra Dish Rinse Aid

This product helps remove traces of the dishwashing detergent and prevent spotting on glassware, silverware, pots and pans. It helps the efficiency of the heat drying cycle. Use in hot and cold water rinse

Code / Package Size:

DRA1--05 5 gal - 36 units / pallet

Dosage / Usage:

Machines with automatic feeding devices- apply per manufacturer instructions

Hand Soap

Hand Soap

To wash dirt and grease deposits from hands. The wash process will also help remove microorganisms from the skin. If regulations request it, apply an approved hand sanitizer. It also contains ingredients to minimize irritation cause by continuous use

Code / Package Size:

ABS1--05 5 gal - 36 units / pallet

ABS1-4G 4 x 1 gallon box - 36 boxes / pallet

Dosage / Usage:

Dispense 2 to 4 ml of this product into your wet palms. Lather and rinse you hands with running clean tap water

Kitchen Products, continued...

Degreasing and General Purpose Cleaning

Alondra Degreaser Concentrated

Effectively cleans your stainless steel cooking equipment and instruments by cutting grease and oils as well as lifting soil particles. It can be used to remove grease deposits from cement, tiles and general equipment.

Economic floor cleaner when diluted to 1oz per gallon.

Unscented. **Phosphate Free**

Code / Package Size:

LD1--05 5 gal - 36 units / pallet

Dosage / Usage:

1 oz per gallon of water for general cleaning, 4 oz per gallon for moderately greasy jobs, 1:1 or concentrated for heavy duty applications

Shipping: Corrosive Liquid, n.o.s. Contains: Sodium hydroxide, 8, UN1760, PG III

Fantasia, All Purpose Cleaner

This cleaner is suitable to use in industrial, institutional, commercial and household applications to remove soil and grease from floors, walls, tables and tiles. It does not contain solvents (Low VOC)

It can also be used in recreational equipment to clean plastic, glass and other hard surfaces. Lavender fragrance. **Phosphate Free**

Code / Package Size:

APC3--05 5 gal - 36 units / pallet

Dosage / Usage:

1 oz per gallon of water for general cleaning (floors and glass), 1:1 or concentrated for heavy duty applications

Alondra All Purpose Cleaner, Concentrated

This cleaner is suitable to use in industrial, institutional, commercial and household applications to remove soil (soot, smoke, carbon, etc.) and grease from floors, walls, kitchen equipment and tiles.

By direct spray this product is excellent for cleaning grease and food spills from stoves, countertops, and restaurant tables. It is also great at removing soap scum from bath sinks.

It can also be used in recreational equipment to clean plastic, glass and other hard surfaces. Lavender fragrance. **Phosphate Free**

Code / Package Size:

APC1--05 5 gal - 36 units / pallet

Dosage / Usage:

1/2 oz - 1 oz per gallon of water for general cleaning, 4 oz per gallon for moderately greasy jobs, 1:1 or concentrated for heavy duty applications

Cristal Sanitizer A

EPA approved for use in restaurants, food processing plants and bars to sanitize hard surfaces, equipment, silver and cook ware, ice machines, RO units, water coolers, etc (see label).

◆ **A 5 gallon bucket will prepare 250 pcs to 500 pcs of ready-to-use 5 gallon buckets.**

◆ **For a list of all Sanitizer's applications, see the "Product Bulletin"**

Code / Package Size:

CSA--05 5 gal - 36 units / pallet

CSA-1L 1 Liter- 10 pcs / box

Dosage / Usage:

1/4 oz per gallon of water

Sanitizer

General Cleaning

All Purpose Cleaners

Alondra All Purpose Cleaner, Concentrated

This cleaner is suitable to use in industrial, institutional, commercial and household applications to remove soil (soot, smoke, carbon, etc.) and grease from floors, walls, kitchen equipment and tiles.

By direct spray the product is excellent for cleaning grease and food spills from stoves, countertops, and restaurant tables. It is also great at removing soap scum from bath sinks.

It can also be used in recreational equipment to clean plastic, glass and other hard surfaces. Lavender fragrance. **Phosphate Free**

1 oz per gallon of water for general cleaning, 4 oz per gallon for moderately greasy jobs, 1:1 or concentrated for heavy duty applications

Shipping: Corrosive Liquid, n.o.s. Contains: Sodium hydroxide, 8, UN1760, PG III

Floor Finish

Alondra Floor Finish High Solids

Floor Finish HS is a high solids acrylic concentrate that exhibits excellent leveling, high gloss and durability. It is great for low and high maintenance areas

Code / Package Size:

FFHS--05 5 gal - 36 units / pallet

Dosage / Usage:

Use as is. Apply a coat and let dry before the next application
Five gallons cover from 7,500 sf to 10,000 sf

Alondra Floor Finish Medium

Floor Finish MS is a medium solids acrylic concentrate that exhibits excellent leveling, high gloss and durability. It is great for low and high maintenance areas. Lower solid concentration than Floor Finish HS for easier flow and lighter coating

Code / Package Size:

FFMS--05 5 gal - 36 units / pallet

Dosage / Usage:

Use as is. Apply a coat and let dry before the next application
Five gallons cover from 7,500 sf to 10,000 sf

Alondra Wax Stripper

Concentrated product to remove polymeric/wax based floor coatings and cross linked finished. Low odor and economic dilution ratio.

CAUTION: CORROSIVE

Code / Package Size:

WS1--05 5 gal - 36 units / pallet

Dosage / Usage:

Dilute 1:16 (8 oz / gal) with water. Apply with mop and let it work for 10 to 15 minutes. Scrub with appropriate pad at 175 to 300 rpm.

Clean and neutralize before application of Floor Finish.

Test a small area first for compatibility with the floor substrate

Shipping: Corrosive Liquid, n.o.s. Contains: Sodium hydroxide, 8, UN1760, PG III
