

CGC Level One Training

This 9 week long beginning/intermediate dog training class teaches the basic commands every working dog should know: sit, stay, down, wait at doors, heeling, don't jump on people, leave it, behaving around other dogs, and walking on a loose lead. These classes are the first step toward producing a quality working dog, whether the dog goes on to be trained as a therapy dog, emotional support animal, or service dog. Pet dogs are also welcome and encouraged to attend. Included in the class is preparation for and testing for the American Kennel Club's Canine Good Citizen certificate (AKC CGC), an award and certification given dogs who show good manners and minimal training in social situations.

Dogs need to be current on proper inoculations and trustworthy around people and other dogs. This class is not for dogs with serious behavioral problems. For dogs with behavioral problems we offer Family Dog Training (See web site for details: GentlePersuasionsColorado.com). Do not hesitate to call if you have questions.

Location: Library Park, Fort Collins (corner of Oak and Mathews)

Date and Time: Thursday, May 30th, 6:00pm

Instructor: Sami Mann

Format: Nine weeks long, approximately one hour each week. (9th week is AKC CGC test)

Cost: \$220.00

Requirements: Dogs must be a minimum of 4.5 months old. Although all family members are encouraged to attend the classes, dog handlers must be a minimum of 9 years old. Proper equipment is discussed in the first class. Class size is limited. Dogs must be pre-registered.

Please Do Not Bring Your Dog to the First Class
