To whom it may concern,

This letter is in reference to Jannet Varon and her company JVA Construction Inc. We hired Jannet to do a two story addition on our home. After meeting with Jannet, we felt very comfortable that she was the right person for the job. She was very professional and extremely knowledgeable. In addition, Jannet provide us with numerous suggestions during the course of the project. Her suggestions were practical, cost effective, and most important, enhanced the finished product.

Anytime we had a question or concern, Jannet responded immediately. Her team worked hard to back her promises. Jannet went beyond what we expected to make sure we were pleased, every step of the way. On several occasions we had concerns that were not directly related to our construction project. She stepped in and assisted us in getting these items resolved.

Jannet always had a smile and was never frustrated with our inexperience in dealing with construction matters. She is a true pleasure to work with and we trust her and her team implicitly. It is with sincere gratitude and pleasure we recommend Jannet for consideration for any construction project for your home.
