Families:

Each Family session will require a non-refundable deposit that will save the date.

Photos will be taken at a location of your choosing unless requested otherwise.

Package fees based on number of people in the party:

5-10 members:**

\$125.00 (\$45 deposit, the rest due on day of shoot.)

11-15 members

\$150.00 (\$60 deposit, the rest due on day of shoot.)

16 or more members

\$200.00 (\$85 deposit, the rest due on day of shoot.)

**Sitting and travel fees may apply*

***Families with less than 5 members, I strongly suggest you look into custom instead of family as it might be cheaper for you in the long run. Parties of 5 or more will not be given this option.*

Customs:

Custom photography sessions are those that do not fall not any particular group. They can include:

- ☞ Couples
- ☞ Maternity
- ☞ Babies
- ☞ Kids
- ☞ Pets
- ☞ Parties
- ☞ Headshots

A Custom shoot will include my time for a minimum of hour at a location of your choice – or mine if you prefer. We will figure out beforehand what you will expect so we do not take up that time during the shoot.

The cost for these shoots will be \$75.00/hour.

Most custom shoots do not go over 1 hour. I could take upwards of 400 shots and purchasing a disk will get you a minimum of 40 of the best. Teenagers welcome with parents permission.

Hidden Fees:

Sitting Fees:

I don't like having sitting fees, but they have to exist. But I made it easy for you and the only time you will have to worry about a sitting fee is if you have more than 10 members in your party. If that is the case, then I apologize. Your sitting fees will be an additional \$10 per head after the first 10.

Travel Fees:

With gas prices these days, I hate to have to add an additional fee, but I try to keep the rest of them low, as well as this one. So for each additional mile after the first 20, the charge will be \$.75.

Photo CD Fee:

You're able to choose two different ways to receive your photos after I've finished them for you. I will post them on here in a private album for you to see and save for free, but to get the larger versions you'll need to get a cd because I can't put all of those big ol' photos on my website... I'll lose space. Also, the photo disk will not have my water mark. So for an additional \$10, you get all of those photos with the largest available dimensions.
