Project 52

Hi again! Welcome to week 19 of the MyMemories Project 52 series! During this fun series we have explored and shared some fun steps along our journey to preserving our family's story! There are sure some things that we do better than anyone else! If we care enough to want to save the small little details of our lives, we should spend time remembering to include the ways that WE are part of the story! Make sure you include pictures of the way YOU care for and provide for your family! The special things you do to make them feel loved and special! So take a peek at this weeks word and let your heart be your guide....

Nurture

It's ALL important, it's ALL part of your story - so be sure to include those little things in the pages you are making! Make lunches every day? Snap a photo of those cute little notes, or if you are super creative and use cookie cutters to send shaped sandwiches along, make sure you snap a photo! It's those little things you do that no one else might notice that make your family feel loved, feel special! So take time to include those things you do to NURTURE your family in the story you tell to future generations! Have fun with recording those things!!

More fun to come with MMS & *P52*
