

List Of Fungi Species From Albania

Abortiporus biennis
 Agaricus campestris
 Agaricus silvaticus
 Agaricus silvicola
 Agaricus arvensis
 Agaricus campestris var. squamulosus
 Agrocybe dura
 Albatrellus pes-capre
 Albatrellus cristatus
 Amanita pantherina
 Amanita citrina
 Amanita caesarea
 Amanita lividopalescens
 Amanita fulva
 Amanita ovoidea
 Amanita lactea cf.
 Amanita phalloides
 Amphimena byssoides
 Amylocortium subsulphureum
 Anthurium archeri
 Antrodia juniperina
 Antrodia ramentacea
 Antrodia albidoides
 Armillaria tabescens
 Armillaria cepistipes
 Armillaria mellea
 Arrhenia lobata
 Atrypa reticularis
 Astraeus hygrometricus
 Aureoboletus gentilis
 Auricularia mesenterica
 Auricularia auricula-judae
 Auriscalpium vulgare
 Bisporella citrina
 Boletia tibubanus
 Boletus lupinus
 Boletus satanas
 Boletus chrysenteron
 Boletus impolitus
 Boletus aereus
 Boletus erythropus
 Boletus regius
 Boletus queletii
 Boletus rhodoxanthus
 Botryobasidium subcoronatum
 Bovista plumbea
 Bovista aestivalis
 Byssomerulius corium
 Calocera cornea
 Calvatia utriformis
 Calvatia cyathiformis
 Calvatia gigantea
 Cantharellus cibarius
 Ceriporia reticulata
 Cerreria unicolor
 Chaetosphaerella phaeostroma
 Cheilymenia stercorea
 Chroogomphus rutilus
 Chroogomphus helveticus
 Clathrus striatus
 Clathrus ruber
 Clavariadelphus pistillarum
 Clavariadelphus truncatus
 Clavulina rugosa
 Clavulinopsis corniculata
 Clitocybe gibba
 Clitocybe odora
 Clitocybe subspadicea
 Clitocybe fragrans
 Clitocybe foetens
 Clitocybe costata
 Clitocybe sinopica
 Clitocybe phaeophthalma
 Clitocybe dealbata
 Clitocybe nebularis
 Clitopilus prunilleus
 Clitocybe dealbata
 Collybia driophilla
 Collybia peronata
 Collybia butyracea

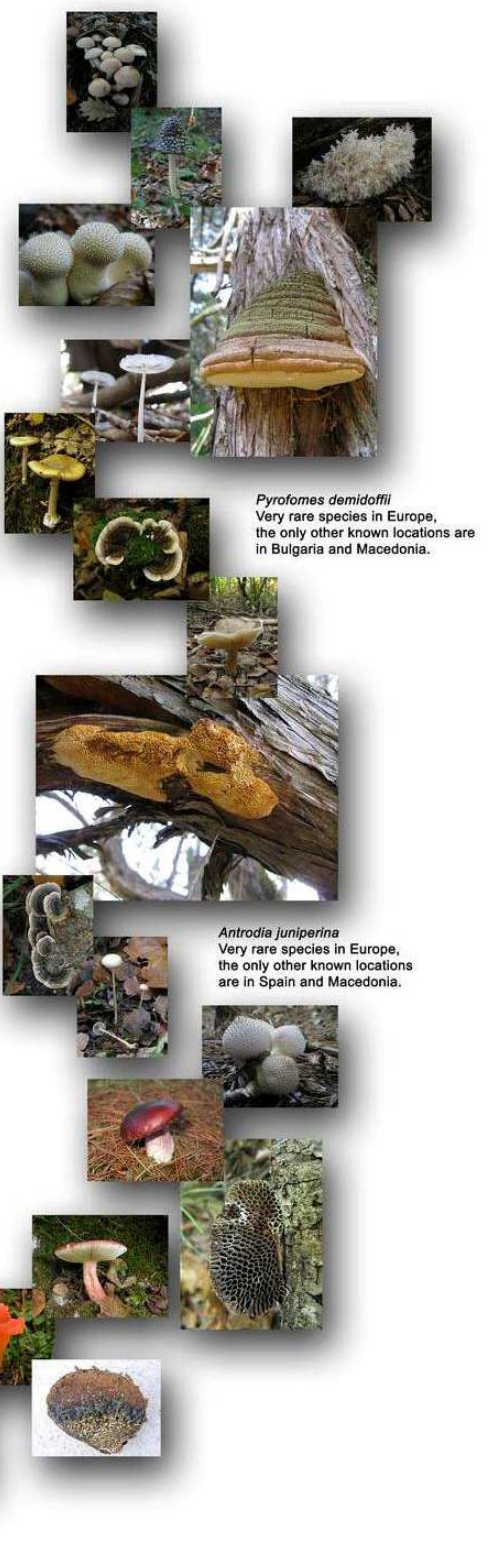

Collybia tuberosa
 Coniophora arida
 Conocybe tenera
 Coprinellus tardus
 Coprinopsis picacea
 Coprinopsis marcescibilis
 Coprinus comatus
 Coprinus micaceus
 Coprinus niveus
 Coprinus atramentarius
 Coprinus disseminatus
 Corticum meridioroseum
 Corticum roseum
 Cortinarius polygynoides cf.
 Cortinarius trivialis
 Cortinarius infractus
 Cortinarius dionysiae
 Cortinarius elegantissimus
 Cortinarius anserinus
 Cortinarius vulpinus
 Cortinarius rufoviolaceus
 Cortinarius duracinus
 Cortinarius torvus
 Cortinarius vernus
 Cortinarius candelaris
 Cortinarius elegantior
 Cortinarius flexipes
 Cortinarius muscidus
 Cortinarius splendens
 Cortinarius bruneofulvus
 Cortinarius venetus
 Craterellus cornucopioides
 Crepidotus mollis
 Crepidotus cesatii
 Crepidotus versutus
 Crepidotus luridellii
 Crinipellis scabella
 Crucicubum laeve
 Cyathicula cyathoidea
 Cylindrobasidium evolvens
 Cystoderma granulatum
 Cystoderma amaranthinum
 Cystoderma terre
 Dacrymyces varisporus
 Daedaleopsis confragosa
 Diatrype stigma
 Dichomitus disciformis
 Dichomitus campestris
 Echinoderma histrix
 Entoloma sericeum
 Entoloma byssoides
 Entoloma rhodopolum
 Entoloma serulatum
 Entoloma nitens
 Entoloma sinuatum
 Entoloma subradiatum
 Exidia truncata
 Exidia pithya
 Exidiopsis effusa
 Fistulina hepatica
 Fomes fomentarius
 Funalia gallica
 Galerina marginata
 Galerina stilifera
 Galerina marginata
 Galerina automnalis
 Galerina marginata
 Geastrum fimbriatum
 Gloeocystidiellum luridum
 Gloeocystidiellum porosum
 Gloeopeniophorella convolvens
 Gloeophyllum sepiarium
 Gloiothefe citrina
 Godronia sp.
 Gomphidium roseum
 Gymnopilus sapineus
 Gymnopilus bellulus
 Gymnopilus penetrans
 Gymnopus erythropus
 Gymnosporangium clavariiforme
 Gyromitra infula

Hebeloma sinapizans
 Hebeloma mesophaeum
 Hebeloma collaratum
 Hebeloma sacchariolens
 Helvella elastica
 Hemimycena pythia
 Hemimycena lactea
 Hericium erinaceus
 Hexagonia nitida
 Hohenbuechelia petaloides
 Humaria hemisphaerica
 Hydnellum spongiosipes
 Hydnellum scrobiculatum
 Hydnum repandum
 Hydropsis marginellus
 Hydrocybe chlorophana
 Hydrocybe conica
 Hydrocybe psittacea
 Hydrophorus persoonii
 Hydrophorus eburneus
 Hydrophorus discocanthus
 Hydrophorus russiae
 Hydrophorus ligatus
 Hydrophorus nemoreus
 Hydrophorus agathosmus
 Hydrophorus lindtneri
 Hydrophorus laticaudatus
 Hydrophorus chrysodan
 Hydrophorus eburneus var. cossus
 Hymenochaete rubiginosa
 Hymenoscyphus conscriptum
 Hymenoscyphus imberbis
 Hyphoderma argillaceum
 Hyphoderma sp.
 Hyphodermella corrugata
 Hyphodontia juniperi
 Hyphodontia crustosa
 Hyphodontia sambuci
 Hyphodontia aspera
 Hypoholoma sublitteratum
 Hypoholoma capnoides
 Hypoholoma lateritium
 Hypocrea rufa
 Hypocrea citrina
 Hypoxylon fragiforme
 Inocybe rimosa
 Inocybe terrigena
 Inocybe nitridiscula
 Inocybe fuscidula
 Inocybe piceae
 Inocybe godeyi
 Inocybe adequata
 Inocybe cinctinata
 Inocybe sindonia
 Inocybe geophylla f. lilacea
 Inocybe sp.
 Inocybe lilacina
 Inocybe griseoillacina
 Inocybe splendens
 Kuehneromyces mutabilis
 Laccaria laccata
 Laccaria bicolor
 Laccaria amethystea
 Lacrimaria lacrimabunda
 Lactarius zonarius
 Lactarius sanguineus
 Lactarius deliciosus
 Lactarius sanguifluus
 Lactarius scrobiculatus
 Lactarius deterrimus
 Lactarius rubrocinctus
 Lactarius blenius
 Lactarius pyrogallus
 Lactarius seriffius
 Lactarius odoratus
 Lactarius subdulcis
 Lactarius muscivorus
 Lactarius volvens
 Lactarius piperatus
 Lactarius vellereus
 Laetiporus sulphureus

Leccinum quercinum
 Lentaria sp.
 Lentiniellus omphalodes
 Lentizites betulina
 Lepiota clypeolaria
 Lepista nuda
 Lepista scordida
 Lepista inversa
 Lepista flaccida
 Leptopodia elastica
 Leratiomyces squamosus
 Leucoagaricus leucothites
 Lophophium tumosum
 Lophyllum decastes
 Lycoperdon mole
 Lycoperdon perlatum
 Lycoperdon atropurpureum
 Lycoperdon marginatum
 Lycoperdon molle
 Lycoperdon umbrinum
 Lycoperdon piriforme
 Lycoperdon molle
 Lysurus cruciatus
 Macrolepiota procera
 Macrolepiota excoriata
 Macrolepiota mastoidea
 Marasmius recubans
 Marasmius bulbiferi
 Marasmius torquescens
 Marasmius rotula
 Marasmius cohaerens
 Marasmius oreades
 Megacollybia platyphylla
 Melanoleuca graminicola
 Melanoleuca conata var. typica
 Microspheera alpitoides
 Multiclavula mucida
 Mutinus caninus
 Mycena pura
 Mycena acicula
 Mycena sanguinolenta
 Mycena rosulata
 Mycena renatii
 Mycena pelianthina
 Mycena abramsii
 Mycena romanesiana
 Mycena arctica
 Mycena stipata
 Mycena polygramma
 Mycena maculata
 Mycena inclinata
 Mycena flavescens
 Mycena arcangeliana
 Mycena rosella
 Mycena rosea
 Mycena filipes
 Mycena galericulata
 Mycena maculata
 Mycena flavicola
 Mycena epipterigia
 Mycena crocata
 Mycena capillaris
 Mycena incinata
 Mycenastrum corium
 Mycoacia fuscoatra
 Mycromphale performans
 Myriostoma coliforme
 Nephroma sp.
 Omphalina epiphysum
 Omphalina obtusa
 Omphalina epichisium
 Omphalotus olearius
 Onnia tomentosa
 Osmoporus odoratus
 Panaeolus semiovatus
 Panaeolus papilionaceus
 Panaeolus luteocinctus
 Panellus stipticus
 Parasola plicatilis
 Paxillus rubicundulus
 Peniophora quercina

Peniophora lycii
 Peniophora pini
 Peniophora proxima
 Peniophora meridionalis
 Peniophora lycii
 Peniophora incinata
 Peniophora procata
 Peziza arvensis
 Peziza septiata
 Phallus impudicus
 Phanerochaete sordida
 Phanerochaete tuberculata
 Phanerochaete veilutina
 Phellinus conchatus
 Phellinus punctatus
 Phellinus ribis
 Phellinus robustus
 Phellodon niger
 Phlebia tremellosa
 Phlebia queletii
 Phlebiopsis gigantea
 Phlebiopsis gigantea
 Phlebiopsis favenellii
 Pholiota cerrifera
 Pholiota lubrica
 Pholiota squarosa
 Pholiota sp.
 Physcia leptalea
 Pisolithus arrhizus
 Pleurotus pulmonarius
 Pleurotus eryngii
 Pluteus salicinus
 Pluteus insidiosus
 Pluteus cinereofuscus
 Pluteus melaleucos
 Pluteus nanus f. nanus
 Pluteus nanus f. griseopus
 Pluteus thomsonii
 Pluteus cervinus
 Pluteus podospileus cf.
 Polyporus ciliatus
 Polyporus biformis
 Polyporus arcularius
 Polyporus varius
 Porothelium fimbriatum
 Postia tephroleuca
 Postia subcaesia
 Propolis versicolor
 Psathyrella piliformis
 Psathyrella multipedata
 Psathyrella spadiceogrisea
 Psathyrella candoleana
 Psathyrella murcida
 Psathyrella bipellis
 Pseudoclitocybe ciathiformis
 Pseudohydnum gelatinosum
 Psilocybe coprophyla
 Pycnoporus cinnabarinus
 Pyrofomes demidoffii
 Radulomyces molaris
 Ramaria formosa
 Ramaria fumigata
 Ramaria amethystea
 Ramaria formosa
 Resupinatus applicatus
 Rhodocollybia butyracea
 Rhytisma acerinum
 Rhyzopogon rozeolus
 Rhyzopogon luteolus
 Rugosomyces ionides
 Russula lepida
 Russula persicina
 Russula emetica
 Russula galeochara
 Russula laurocerasi
 Russula queletii
 Russula luteotacta
 Russula acroflora
 Russula ochroleuca
 Russula xerampelina
 Russula torulosa

Russula heterophylla
 Russula delica
 Russula turci
 Russula rubroalba
 Russula puelaria
 Russula aurea
 Russula rosea
 Russula chloroides
 Russula laurocerasi
 Russula solaris
 Russula cyanoxantha
 Russula maculata
 Russula pectinata
 Russula rubra
 Russula sp.
 Russula subfoetens
 Russula solaris
 Sarcodon gibracopus
 Sarcodon imbricatus
 Sarcoscypha coccinea
 Schizophyllum commune
 Schizophora paradoxa
 Schizophora radula
 Schizoderma areolatum
 Scopuloides rimoso
 Scutellinia scutellata
 Scytinostroma aluta
 Scytinostroma aluta
 Steccherinum ochraceum
 Stereum hirsutum
 Stereum insignitum
 Stereum sanguinolentum
 Stereum rugosum
 Stereum hirsutum
 Strobilurus tenacellus
 Stropharia coronilla
 Stropharia aeruginosa
 Stropharia semiglobata
 Stropharia cyanea
 Subulicystidium longisporum
 Suillus luteus
 Suillus granulatus
 Suillus flurii
 Trametes hirsuta
 Trametes versicolor
 Trechispora farinacea
 Tremiscus helvoldes
 Trichaptum abietinum
 Trichaptum holii
 Tricholoma acerbum
 Tricholoma ustaloides
 Tricholoma sejunctum
 Tricholoma terreum
 Tricholoma bufonium
 Tricholoma saponaceum
 Tricholoma scalpturatum
 Tricholoma sulphureum
 Tricholoma triste
 Tricholoma fulvum
 Tricholoma striatum
 Tricholoma fracticum
 Tricholoma pseudonicitans
 Tricholoma columbetta
 Tubaria furfuracea
 Tubularicrinis glebulosus
 Vascellum pratense
 Volvariella bombycina
 Vuilleminia megalospora
 Vuilleminia cornedens
 Vuilleminia ionides
 Xerocomus ferrugineus
 Xerocomus subtomentosus
 Xeromphallina fellea
 Xerula radicata
 Xylaria hypoxylon

Pyrofomes demidoffii
 Very rare species in Europe, the only other known locations are in Bulgaria and Macedonia.

Antrodia juniperina
 Very rare species in Europe, the only other known locations are in Spain and Macedonia.

Myriostoma coliforme
 Candidate for the Bern list, known from thirteen countries, in Europe
