

SHORT ANSWER

For the following set of heights of a sample of 91 high school boys at a suburban public school, construct each of the plots indicated.

Heights (inches)	Tally	Heights (inches)	Tally
62	1	69	10
63	3	70	10
64	6	71	9
65	7	72	6
66	9	73	3
67	12	74	1
68	13	75	1
