## President's Corner – Mike Larabee

Hello again pulling family,

Our OSTPA season is underway with a great pull at Dover. Big crowd, nice show and everyone was happy happy happy. John Donnersbach is running the full tech and he got quite a few vehicles teched at Dover. Everyone that is running points needs to go through the full tech that will be offered at all of our Saturday pulls in July, with the exception of Bucyrus on Friday instead of Oak Harbor.

We are passing out our New OSTPA hats and rule books at the entry table when you sign up, also check out the new OSTPA calendars. Hogg is still beside himself about how nice they are.

Roger Hite from the Brown bus Laser crew is home now from his accident but still needs your prayers for his long recovery.

The OSTPA Swanson Performance courtesy cart was up and running at Dover and will be at many of our OSTPA events this summer with water and pop for our pulling family. We are also working on getting some T-shirts from Rhawnda to shoot out of the new T-shirt gun at our events as well.

Dawn and Carl O'Dell have a new addition to their team and we would like to welcome Carlie to our pulling family.

Hope everyone is ready to go pulling and we have a happy 4<sup>th</sup> of July!

Mike
