

Recording Is Not Allowed

All of our instructors teach by way of microphone or headsets from their individual computers and in the convenience of their own homes...Alhamdulillah!

Students are being granted the privilege to come and hear many beneficial topics because of these conveniences.

You are asked as a trust (Amanat) with your Lord, your Instructor, your fellow companion/students and the administration to **NEVER** violate this rule.

- You may request additional assistance for any material you may have missed.
- You can ask one of the other students for their notes
- You may ask for assistance from the Instructor or the Admin.
- But again, **NEVER, EVER, EVER** record any of THM classes or sponsored Dars.
