LLP

Expert Witness Services

Wilkinson Construction Consultants were appointed by Weightmans LLP as Expert Witness in a recent fire re-insurance case.

The case involved substantial losses to a listed building which had been undergoing building work at the time of the fire.

Wilkinson Construction Consultants advised on the standards expected of a competent contractor, HSG 168 and the correct process for a fire watch.

Service
Expert Witness

Christy Greenhalgh of Weightmans said " We were very impressed with the service received from WCCL – the case was complex and had some very tight deadlines, often necessitating the expert to work late into the evening and over weekends to meet the targets. We would have no hesitation in using them again should the need arise.

The case completed in Dec 2011.
